- April* 1—WEDNESDAY. Spring Holiday Begins.
- April* 7—TUESDAY. Recitations Resumed.
- May 31-June* 2—Commencement.

Hampden-Sydney College

Charter

An Act for incorporating the Trustees of Hampden-Sydney.

[MAY, 1783]

I. WHEREAS it is represented to the present General Assembly that an Academy has been founded in the county of Prince Edward, and which hath been supported by the generous donations of a few public-spirited citizens for several years past; but that, in order to make the advantages arising therefrom more permanent and diffusive, certain privileges are essentially necessary for conducting the same in future to greater advantage; and this Assembly, warmly impressed with the important advantages arising to every free State by diffusing useful knowledge amongst its citizens, and desirous of giving their patronage and support to such seminaries of learning as may appear to them calculated to promote this great object:

II. *Do hereby enact*, That from and after the passage of this Act, the said Academy shall obtain the name and be called the "College of Hampden-Sydney," and that the Rev. John Blair Smith, Patrick Henry, William Cabell, Senior, Paul Carrington, Robert Lawson, James Madison, John Nash, Nathaniel Venable, Everard Meade, Joel Watkins, James Venable, Francis Watkins, John Morton, William Morton, Thomas Reade, William Booker, Thomas Scott, Senior, James Allen, Charles Allen, Samuel Woodson Venable, Joseph Parke, Richard Foster, Peter Johnson, the Rev. Richard Sankey, the Rev. John Todd, the Rev. David Rice, the Rev. Archibald McRobert, and their successors, are hereby constituted a body politic and corporate, by the name of the "President and Trustees of Hampden-Sydney College," who shall have perpetual succession and a common seal; and that they and their successors by the name aforesaid, shall be able and capable in law to possess, purchase, receive, and retain to them and their successors forever, any lands, tenements, rents, goods, or chattels, of any kind whatsoever, which may

have been given already, or shall in future be given or purchased by them, for the use of said College, and the same to dispose of in whatsoever manner they shall adjudge most beneficial for the use thereof; and by the same name to sue and implead, be sued and impleaded, answer and be answered, in all courts of law and equity, and, from time to time, under their common seal, to make and establish such by-laws, rules and ordinances, not being contrary to the Constitution or laws of this Commonwealth, as by them shall be thought necessary for the good order and government of the professors, masters, and students of the said College.

III. *And be it further enacted*, That the said president and trustees, or any seven of them, shall have full power and authority to meet at such times as they shall think necessary for the examination of any candidates for literary degrees, and they are hereby empowered and authorized to confer those degrees on such students as in their opinion shall merit the same in as ample a manner as any other college in America can do, and to grant testimonials thereof under their common seal, signed by the president and five of the trustees, at least; and that the president and trustees, or any seven of them, are hereby authorized and required to meet at said College, on some day to be appointed by the president, on or before the first day of October next, and then and there to elect and commission, under their common seal, such professors and masters as they shall judge necessary for the purpose of the institution. And that, in order to preserve in the minds of the students that sacred love and attachment which they should ever bear to the principles of the present glorious revolution, the greatest care and caution shall be used in electing such professors and masters, to the end that no person shall be so elected unless the uniform tenor of his conduct manifests to the world his sincere affection for the liberty and independence of the United States of America.

IV. *And be it further enacted*, That the president and trustees, or any ten of them, shall elect by ballot a treasurer for the said College, who shall give bond and security, payable to the trustees and their successors, for the faithful discharge of the trust reposed in him; and shall, when required by the corporation, render an account of all monies, goods, and other chattels, received and expended by him on account of and for the use of said College; and

on failure or refusal so to do, shall be subject to the like proceedings as are prescribed by law in the case of sheriffs failing to account for and pay into the treasury the public taxes on their lands.

V. *And be it further enacted*, That the said trustees, or a majority of them, shall have power to remove, or suspend the president, or any or all of the masters, at any time, on cause shown, and to supply the vacancy occasioned by such removal from office; and upon the death, resignation, or refusal to act, of the president or any of the trustees, or when there shall be a vacancy in any of the professorships, it shall be lawful for the remaining trustees, or a majority of them, to supply the same by new elections. It shall also be lawful for the president, or, in case of death, resignation, or refusal in him to act, the professors and masters for the time being, or a majority of them, to call a meeting of the trustees when he or they (as the case may be) shall see cause so to do. *Provided, nevertheless*, That the president and trustees, before they enter upon the execution of the trust reposed in them by this Act, shall severally take the following oath or affirmation to be administered by a justice of the peace of the said county of Prince Edward, and by him certified to the court of the said county, there to be recorded; that is to say: "I, A. B., do swear (or affirm) that I will, to the best of my skill and judgment, faithfully and truly discharge the duties required of me by the 'Act for incorporating the Trustees of Hampden-Sydney,' without favor, affection or partiality. So help me God." And that the clerk of the said court, for entering the same, shall receive of the trustees the sum of one Spanish milled dollar.

AMENDMENT TO CHARTER

In accordance with actions taken by the Synod of Virginia in Harrisonburg, Va., December 4, 1918, and by the President and Board of Trustees of Hampden-Sydney College in Richmond, Va., December 19, 1918, and January 9, 1919, the State Corporation Commission of the Commonwealth of Virginia on the fourteenth day of February, 1919, authorized certain modifications of the Charter as follows:

1. The number of Trustees of the "President and Trustees of Hampden-Sydney College" shall be changed so as to be twenty-five (25).

2. The "President and Trustees of Hampden-Sydney College" shall be transferred to the control of a Board of Trustees directly appointed by the Synod of Virginia. The following Trustees, as nominated by the Synod of Virginia, and their successors, shall constitute the Board of Trustees of the "President and Trustees of Hampden-Sydney College"; Rev. F. T. McFaden, D. D., Hon. A. D. Watkins, Judge James L. Tredway, Rev. W. C. Campbell, D. D., and Peter Winston, M. D., for a term of one year; W. G. Dunnington, Esq., Paulus A. Irving, M. D., H. A. Stokes, Esq., Hon. F. B. Hutton, and A. B. Carrington, Esq., for a term of two years; Rev. W. W. Moore, D. D., Col. C. C. Lewis, Jr., J. Scott Parrish, Esq., Rev. J. B. Bittinger, D. D., and Alexander B. Dickinson, Esq., for a term of three years; Chas. A. Blanton, M. D., Hon. Don P. Halsey, Hon. Walter A. Watson, Hon. Harry R. Houston, and H. T. Holladay, Esq., for a term of four years; Rev. Ernest Thompson, D. D., Rev. W. H. T. Squires, D. D., Hon. E. Lee Trinkle, Rev. J. E. Booker, D. D., and W. H. Robertson, Esq., for a term of five years.

Any vacancy occurring in the Board of Trustees, either by reason of death, resignation, or the expiration of the term for which any Trustee shall be chosen, shall be filled by the Synod of Virginia. The successors of all Trustees, at the expiration of their respective terms, shall be elected for five years, and any vacancy occurring during the term of any Trustee shall be filled by the said Synod for the unexpired term of said Trustee.

The President of the College shall be *ex officio* a member of the Board of Trustees.

3. The Board shall be authorized to select a Finance Committee and any other committees that may be desired by the Board of Trustees, the members of which may or may not be members of the Board of Trustees.

4. The officers for the first year shall be the following:

PAULUS A. IRVING	President
F. T. McFADEN	Secretary
A. W. McWHORTER	Treasurer
J. H. C. WINSTON	Curator

Historical Summary

Opened as Hampden-Sydney Academy, January 1, 1776.

Incorporated as Hampden-Sydney College, May, 1783.

Under the presidency of Archibald Alexander (1797-1806), increased attendance and endowment.

Under Jonathan P. Cushing (1821-1835), life and growth.

Under Dr. Lewis W. Green (1848-1856), a prosperous era.

Under Dr. John M. P. Atkinson (1857-1883), the distractions of the Civil War, but an administration of vigor and success.

Under Dr. Richard McIlwaine (1883-1904), the McIlwaine Hall erected, the endowment increased, the system of scholarships extended, the curriculum broadened.

Under Dr. Joseph D. Eggleston (1919-1939), numerous physical improvements were made: electricity, water system, Bagby Hall, Morton Hall, the Library enlarged and catalogued, student body quadrupled, reputation widened.

1

The following institutions of learning were founded, or revived and reorganized, by men identified with Hampden-Sydney College:

WASHINGTON COLLEGE, Tennessee—Rev. Samuel Doak, D. D., 1795.

UNION COLLEGE, now Union University, New York—First President, Rev. John Blair Smith, D. D., 1795.

TRANSYLVANIA UNIVERSITY, Kentucky—President, James Blythe, D. D.; Rev. David Rice, Rev. John Todd, Judge Caleb Wallace, Trustees of Hampden-Sydney College, 1798.

PRINCETON THEOLOGICAL SEMINARY—Rev. Archibald Alexander, D. D., LL. D., 1812.

KENTUCKY SEMINARY FOR YOUNG LADIES—Rev. James Blythe, D. D., 1818.

TUSCULUM COLLEGE, Tennessee—Rev. Samuel Doak, D. D., 1818.

FRANKLIN COLLEGE, out of which grew the University of Georgia, revived by Rev. Moses Waddell, 1818.

UNIVERSITY OF VIRGINIA—Through the joint efforts of Thomas Jefferson and Jos. C. Cabell, an alumnus of Hampden-Sydney College, 1825.

UNION THEOLOGICAL SEMINARY, Virginia—Rev. Moses Hoge, D. D., 1812; Rev. Jno. H. Rice, D. D., 1824.

AUSTIN COLLEGE, Texas—Rev. Daniel Baker, D. D., 1850.

"BAPTIST EDUCATIONAL SOCIETY," organized by Elder Edward Baptist, 1830. This Society developed into Richmond College, 1840; now University of Richmond.

THE MEDICAL COLLEGE OF VIRGINIA—Established under the charter and seal of Hampden-Sydney College, by Dr. Socrates Maupin and others, 1838.

MEDICAL SCHOOL OF RANDOLPH-MACON COLLEGE—John P. Mettauer, M. D., LL. D., 1837.

STEWART COLLEGE, out of which grew Southwestern at Memphis, Tenn., Rev. John B. Shearer, D. D., LL. D., 1870.

SHEPHERD COLLEGE, West Virginia—Professor Joseph McMurren, 1872.

CENTRAL UNIVERSITY, Kentucky—Revived and thoroughly reorganized by Rev. L. H. Blanton, D. D., LL. D., 1880.

AUSTIN THEOLOGICAL SEMINARY, Texas—Rev. R. L. Dabney, D. D., LL. D., 1884.

BELHAVEN COLLEGE, Jackson, Miss.—Rev. R. V. Lancaster, D. D., first President.

List of Presidents

SAMUEL STANHOPE SMITH, D. D., LL. D.	1775-1779
(Afterwards President, College of New Jersey, now Princeton University.)	
JOHN BLAIR SMITH, D. D.	1779-1789
(Afterwards first President, Union College, now Union University, New York.)	
DRURY LACY, D. D. (Vice-President and Acting President)	1789-1797
ARCHIBALD ALEXANDER, D. D., LL. D.	1797-1806
(Founder of Princeton Theological Seminary, Princeton, N. J.)	
WILLIAM S. REID, D. D. (Vice-President and Acting President)	1807
MOSES HOGE, D. D.	1807-1820
MESSRS. M. LYLE, JAS. MORTON, WM. BERKELEY, JOHN MILLER, J. P. WILSON (Committee of Board)	Sept., 1820-Sept., 1821
JONATHAN P. CUSHING, A. M.	1821-1835
GEORGE A. BAXTER, D. D. (Acting President)	1835
DANIEL LYNN CARROLL, D. D.	1835-1838
WILLIAM MAXWELL, LL. D.	1838-1844
PATRICK J. SPARROW, D. D.	1845-1847
S. B. WILSON, D. D., and F. S. SAMPSON, D. D. (Acting Presidents)	Nov., 1847-July, 1848
CHARLES MARTIN, A. B. (Acting President), July, 1848- Jan., 1849, and Sept., 1856-June 1857	
LEWIS W. GREEN, D. D.	1848-1856
REV. ALBERT L. HOLLADAY (Died before taking office)	1856
JOHN M. P. ATKINSON, D. D.	1857-1883
RICHARD McILWAINE, D. D., LL. D.	1883-1904
JAMES R. THORNTON, A. M. (Acting President)	June-Sept., 1904
WM. H. WHITING, JR., A. M., LL. D. (Acting President)	1904-05 and 1908-09
J. H. C. BAGBY, PH. D. (Acting President)	June 14-Aug. 23, 1905
JAMES GRAY McALLISTER, D. D., D. LITT.	1905-1908
HENRY TUCKER GRAHAM, D. D., LL. D.	1908-1917
ASHTON W. McWHORTER, A. M., PH. D. (Acting President)	Oct. 1, 1917-June 30, 1919
JOSEPH DUPUY EGGLESTON, A. M., LL. D.	1919-1939
EDGAR GRAHAM GAMMON, D. D., LL. D.	1939-

Board of Trustees

CHARLES A. BLANTON, M.D.	Richmond, Virginia
JUDGE A. C. BUCHANAN	Tazewell, Virginia
A. B. CARRINGTON, JR., ESQ.	Danville, Virginia
DONALD L. CORK	Charleston, W. Virginia
J. M. CROCKETT, ESQ.	Welch, W. Virginia
J. W. DUNNINGTON	Farmville, Virginia
H. S. EDMUNDS, D.D.	Roanoke, Virginia
FRED N. HARRISON, ESQ.	Richmond, Virginia
J. E. HEMPHILL, D.D.	Petersburg, Virginia
ROBERT T. HUBARD, ESQ.	Fayetteville, W. Virginia
FRANK S. JOHNS, M.D.	Richmond, Virginia
T. CATESBY JONES	New York, New York
E. E. JONES	Charlotte, North Carolina
BENJAMIN R. LACY, JR., D.D.	Richmond, Virginia
LEWIS G. LARUS, ESQ.	Richmond, Virginia
J. L. MACMILLAN, D.D.	Norfolk, Virginia

A. L. TYNES, M.D.	Staunton, Virginia
E. T. WELLFORD, D.D.	Newport News, Virginia
J. E. WILLIAMS, PH.D.	Blacksburg, Virginia
THE PRESIDENT, EDGAR G. GAMMON, D.D.	Hampden-Sydney, Virginia

Officers and Committees of the Board of Trustees

Chairman

FRANK S. JOHNS, Richmond, Virginia

Vice-Chairman

ROBERT T. HUBARD, Fayetteville, West Virginia

Secretary

J. W. DUNNINGTON, Farmville, Virginia

Treasurer

P. TULANE ATKINSON, Hampden-Sydney, Virginia

Executive Committee

MESSRS. DUNNINGTON, REED, PATTON

Finance Committee

MESSRS. JOHNS, BLANTON, LARUS, CARRINGTON, HARRISON, REED

Faculty and Courses Committee

MESSRS. LACY, TYNES, ROBERTSON, SQUIRES, MACMILLAN

Buildings and Grounds Committee

MESSRS. CARRINGTON, JOHNS, DUNNINGTON

Physical Education Committee

MESSRS. STONE, HUBARD, CROCKETT

Students' Club Committee

MESSRS. DUNNINGTON, JOHNS, HARRISON

The President of the College is an *ex officio* member of each standing committee of the College.

In each case the first member named is chairman of the committee.

Faculty

EDGAR GRAHAM GAMMON, A. B., B. D., D. D., LL. D.

President

A. B., Hampden-Sydney College, 1905; B. D., Union Theological Seminary, Va., 1911; D. D., Hampden-Sydney College, 1920; LL. D., Washington and Lee University, 1940.

JOSEPH DUPUY EGGLESTON, A. M., LL. D.

President, Emeritus

WILLIAM HENRY WHITING, JR., A. M., D. LITT., LL. D.

Walter Blair Professor of Latin, Emeritus

JAMES HENRY CURRY WINSTON, A. B., B. S., PH. D.

Professor of Chemistry and Geology

A. B. and B. S., Hampden-Sydney College, 1894; Ph. D., Johns Hopkins University, 1899. Present position since 1899.

JAMES BUCKNER MASSEY, A. B., B. D., D. D., LL. D.

Professor of Bible

A. B., University of N. C., 1900; B. D., Union Theological Seminary, Va., 1903; D. D., Washington and Lee University, 1920; LL. D., Davidson College, 1937. Present position since 1919.

HINTON BAXTER OVERCASH, B. S., M. A.

Professor of Biology

B. S., Davidson College, 1915; M. A. Columbia University, 1926. Present position since 1922.

SAMUEL MACON REED, A. B., M. A.

Professor of Mathematics

A. B., University of S. C., 1906; M. A. Columbia University, 1922. Present position since 1922.

DENISON MAURICE ALLAN, B. A., M. A., PH. D.

Professor of Philosophy and Psychology

B. A., and M. A., Hampden-Sydney College, 1916; A. M., Harvard University, 1922, and Ph. D., 1926. Present position since 1923.

DAVID COOPER WILSON, A. B., A. M., PH. D.

Dean and Professor of Greek

A. B., Princeton University, 1904, and A. M., 1910; Ph. D., University of Michigan, 1928. Present position since 1923.

WALTER HERMAN BELL, A. B., PH. D.

Professor of French

A. B., Randolph-Macon College, 1922; Ph. D., Johns Hopkins University, 1931. Present position since 1923.

FREEMAN HANSFORD HART, A. B., A. M.

Professor of History and Economics

Resigned, October, 1940.

ROBERT CECIL BEALE, A. B., A. M., PH. D.

Professor of English

A. B. and A. M., University of Virginia, 1903; Ph. D., University of Virginia, 1910. Present position since 1933.

THOMAS EDWARD GILMER, B. S., M. S., PH. D.

Professor of Physics

B. S., Hampden-Sydney College, 1923; M. S., University of Virginia, 1926; Ph. D., University of Virginia, 1937. Present position since 1934.

GRAVES HAYDON THOMPSON, A. B., A. M., PH. D.

Walter Blair Professor of Latin

A. B., Hampden-Sydney College, 1927; A. M., Harvard University, 1928; Ph. D., Harvard University, 1931. Present position since 1939.

W. J. FRIERSON, B. A., M. A., PH. D.

Associate Professor of Chemistry

Clerk of the Faculty

B. A., Arkansas College, 1927; M. A., Emory University, 1928; Ph. D., Cornell University, 1936. Present position since 1928.

FRANCIS GHIGO, B. S., M. A.

Associate Professor of Spanish

B. S., Davidson College, 1929; M. A., University of North Carolina, 1937. Present position since 1932.

EMMET ROACH ELLIOTT, B. S., M. A., PH. D.

Associate Professor of Mathematics

B. S., Hampden-Sydney College, 1928; M. A., Duke University, 1929; Ph. D., Duke University, 1935. Present position since 1934.

MORRIS HENRY BITTINGER, A. B., M. A.

Associate Professor of History and Government

A. B., Hampden-Sydney College, 1924; M. A., University of Virginia, 1929. 41

PHILIP HORTENSTINE ROPP, B. A., M. A.

Assistant Professor of English and German

B. A. Hampden-Sydney College, 1930; M. A., Harvard University, 1933. Present position since 1935.

DAVID ROBERT REVELEY, B. A., M. A.

Assistant Professor of Education, English, and Mathematics

B. A., Hampden-Sydney, 1926; M. A., University of Virginia, 1931. Present position since 1935.

NEIL HENRY PFANSTIEL, A. B., M. A.

Assistant Professor of Greek and German

A. B., Trinity College, 1938; M. A., Princeton University, 1940. Present position since 1940.

PAUL LIVINGSTON GRIER, B. A., B. A. IN L. SC.

Librarian

B. A., Erskine College, 1936; B. A. in Library Science, University of North Carolina, 1938. Present position since 1940.

WOODROW WILSON GORDON, B. A.

Instructor in English and French

B. A., Randolph-Macon College, 1935.

*ARTHUR LETCHER JONES, B. S.

Instructor in Biology and Chemistry

B. S., Hampden-Sydney, 1936.

PALMER MARTIN SIMPSON, B. S.

Instructor in Mathematics and the Sciences

B. S., Southwestern, 1939.

CHARLES HALLER GIBBONEY, B. S., B. D.

Instructor in Bible

B. S., University of Virginia, 1935; B. D., Union Theological Seminary, Va., 1938.

GEORGE LUTHER WALKER, A. B.

Instructor in English and Education

A. B., Hampden-Sydney, 1910.

JOHN MAURICE WEBB, A. B., M. A.

Instructor in History and Government pro tem.

A. B., Duke University, 1936; M. A., Yale University, 1938.

CHARLES ARTHUR BERNIER

Athletic Director and Executive Secretary, Hampden-Sydney

Alumni Association

Present position since 1923.

HERMAN EDWARD SMITH, B. A.

Professor of Physical Education

B. A. Furnam University, 1926. Present position since 1937.

HERBERT BENJAMIN BRACKETT, B. A.

Assistant Professor of Physical Education

B. A., University of Tennessee, 1933. Present position since 1940.

*Absent on leave, 1939-1942.

Hampden-Sydney College

Admission for College

For the last few years the enrollment at Hampden-Sydney College has been filled early in the summer and candidates for admission are advised to make their decisions as early as is practical. In considering an applicant for admission the administration will give careful attention to his high school record, to his recommendations, and to reports covering his achievement and promise. Character and good health are essential requirements; high scholarship, interest in recreational activities, and leadership in school life are of considerable importance.

Candidates for admission should make early application by letter. Information blank and certificate blank will then be furnished by the college. These should be filled out and submitted to the college promptly, accompanied by the registration fee of \$10, which will be applied to tuition. As soon as possible thereafter, the college will appraise the data submitted and notify the applicant of his acceptance or rejection. In case of rejection the registration fee will be returned.

All Freshmen are required to be at the college by 9:00 a. m. on Tuesday, September 9, 1941. The dormitories will be open for use by Freshmen on Monday afternoon and boarding houses will serve their first meal on Monday evening, September 8. On Tuesday, September 9, all Freshmen will be required to take certain placement tests, as follows:

- 9:00 a. m. Meeting of all Freshmen.
- 10:00 a. m. Intelligence Test.
- 2:00 p. m. English Placement Test.
- 4:00 p. m. Mathematics Placement Test.
- 8:00 p. m. O. D. K. Orientation Program.

These tests have no bearing on entrance but are an effort to establish a basis on which Freshmen may be placed in proper sections to receive the most efficient instruction.

Matriculation begins on Wednesday. The student should confer with his faculty class adviser, who will help him arrange his course and will give him a card which entitles him to matriculate. This card is then presented to the Treasurer; and after it has been countersigned by him it is presented for admission to each class for which he is enrolled. After this card has been initialed by his professors it is to be returned to his class adviser.

Late Matriculation

Classes begin on the opening day of College, and all students should have completed matriculation by that time. A fee of \$3.00 will be charged every student matriculating later than the opening date, unless matriculation has been delayed by a Class Adviser.

Entrance by Certificate

Students are admitted to the College either by examination, or by certificate from an accredited preparatory school. Students entering by certificate will be accredited to no class higher than Freshman.

The requirements for admission are stated in units. A unit is a recitation period of at least forty minutes, five times a week for thirty-six weeks, devoted to the completion of an assigned amount of subject matter of high school grade. The certificate must be specific on these points.

For admission to the Freshman Class 15 units are required: three units of English, a unit and a half of Algebra, a unit of Plane Geometry, two units in *one* foreign language; three and one-half additional units chosen from the natural sciences, the languages, (including English), history and mathematics not including Arithmetic; and four additional units chosen from any high school subjects. These requirements are not subject to modification.

Entrance by Examination

An applicant unable to offer a satisfactory certificate from an accredited secondary school may enter by passing equivalent examinations. These examinations will be held at the College, and will begin Wednesday, September 11th, at 10:00 A. M.

Advanced Standing

College credit is not given for work done in preparatory schools. Students must enter the lowest college class in all subjects. If, however, a student can satisfy a professor by examination or otherwise that he is qualified to take a higher class, he may do so. By such an examination a degree requirement may be partially satisfied, but the number of hours required for graduation is not diminished.

Special Students

Occasionally an applicant for admission has reached the age of maturity without having had the opportunity of securing fifteen entrance units. Provision is made for such applicants, as "Special Students." They must be more than twenty years of age at the date of entrance, must present at least seven entrance units, and must conform to all College regulations. With the advice of the Class Advisers they may enroll in such courses as suit their tastes and their preparation.

Transferred Students

Because of the differences in courses and regulations a transference from one college to another almost always involves a loss of credits. For this and other reasons a change of college is to be discouraged. Especially undesirable is it in the middle of a session. However, in strictly cultural and scientific courses such credit is accorded a student transferring from an institution of the same grade as Hampden-Sydney as has already been accorded him in the institution from which he is transferred; with the exception that no credit is allowed for the work of a quarter, a semester, or a session taken elsewhere, if the practical equivalent of this work is taken in course at Hampden-Sydney.

No student from another institution who received credit for less than nine hours work for the term next preceding his application will be admitted.

Synopsis of Entrance Requirements

SUBJECTS	TOPICS	UNITS
English A.....	English Grammar (required)	1
English B.....	Composition and Rhetoric (required)	1
English C.....	History of American Literature (required)	1
English D.....	History of English Literature (optional)	1
Mathematics A.....	Algebra to Quadratics (required)	1
*Mathematics B.....	Quadratics and beyond (required)	1 or ½
Mathematics C.....	Plane Geometry (required)	1
Mathematics D.....	Solid Geometry (optional)	½
Mathematics E.....	Plane Trigonometry (optional)	½
Foreign Language.....	Two Units in the Same Language (required)	2
History A.....	Ancient History	1
History B.....	Mediæval and Modern	1
History C.....	English History	1
History D.....	American History and Civil Government	1
History E.....	Bible History	1
Science A.....	Physiology	½
Science B.....	Physics	1
Science C.....	Chemistry	1
*Science D.....	Biology	1 or ½
Science E.....	Botany	½
Science F.....	Zoölogy	½
Science G.....	Physical Geography	½
Science H.....	Manual Training	1
Science I.....	Agriculture	1
Science J.....	General Science	½

*A half unit will be allowed, if a half session, but not as much as a full session, has been spent on this subject.

Scope of Entrance Units

1

ENGLISH

Three Units Required

- A. RULES AND ANALYSIS ENGLISH GRAMMAR
- B. COMPOSITION AND RHETORIC
- C. HISTORY OF AMERICAN LITERATURE
- D. HISTORY OF ENGLISH LITERATURE

FRENCH, GERMAN, SPANISH

For entrance *two* units must be offered in *one* of the Modern Languages, unless two units are offered in Latin or Greek.

HISTORY

The following courses may be offered for entrance:

- A. Ancient History.
- B. Mediæval and Modern History.
- C. English History.
- D. American History (including Civil Government).
- E. Bible History.

LATIN

The following courses may be offered for entrance:

- A. Beginner's Latin Book, completed.
- B. First year's work reviewed, grammar and composition, four books of Cæsar, or equivalent.

- C. Grammar, composition, six Orations of Cicero. (The four Orations against Catiline, that for Archias, and that for the Manilian Law.) A more varied reading, for example, selections from Ovid or Nepos, will be accepted instead of two orations of Cicero.
- D. Vergil—six books with proper training in scansion and with satisfactory work in grammar, composition, and Roman History.

Students sufficiently prepared may enter Latin 2, receiving credit for Latin 1 as a degree requirement when they have passed Latin 2, but no session hours will be allowed.

MATHEMATICS

Two and One-Half Units Required

- A. ALGEBRA TO QUADRATICS.—One unit. (Required.)
- B. ALGEBRA FROM QUADRATICS THROUGH THE BINOMIAL THEOREM.—A half unit, or a whole unit, according to length of course. A minimum of one unit and a half must be offered in Algebra.
- C. PLANE GEOMETRY.—One unit. (Required.)
- *D. SOLID GEOMETRY.—One-half unit. (Optional.)
- E. PLANE TRIGONOMETRY.—One-half unit. (Optional.)

*Students not offering Solid Geometry may not take any course beyond Math. 2, unless Solid Geometry is taken at summer school or made up in some other satisfactory manner.

Degree Requirements

Chemistry 1 and 2.....	4
Physics 1 and 2.....	4
Biology 1 and 2.....	3
Twelve hours chosen from the Natural Sciences, Mathematics, and Psychology 1, 2, 3 or 4.....	12
One of the following:	
A course in History, Economics, or Government.....	3

*See Foreign Language Courses, page 28.

HOURS REQUIRED

For the B. A. or B. S. degree, a candidate must complete, together with the prescribed work, enough elective courses to aggregate sixty-two hours of credit. A minimum of seventy-four hours of credit is required of a student who wishes to take both degrees.

A minimum residence of one year, the year immediately preceding graduation, is required.

If a student fails to graduate with his class, he may receive credit for not more than four hours of work done elsewhere later. During his four years' course he may receive credit for only 15 hours in Summer School, and is allowed to offer a maximum of six session hours in any one summer session.

All students of Hampden-Sydney College are required to take courses in Bible their first two years.

QUALITATIVE UNITS

In addition to the sixty-two session hours required for graduation a degree candidate must have a total of 80 qualitative units. (Only 20 of these may be earned in summer schools.)

These units are given on the following basis:

For each grade between 76 and 79, inclusive, 1 unit for each session hour.

For each grade between 80 and 84, inclusive, 2 units for each session hour.

For each grade between 85 and 89, inclusive, 3 units for each session hour.

For each grade between 90 and 94, inclusive, 4 units for each session hour.

For each grade between 95 and 100, inclusive, 5 units for each session hour.

Qualitative units are not given on term grades, nor can they be earned by re-examinations or by a term course in lieu of a re-examination.

SPRING REGISTRATION FOR COURSES

During the first week in May each Freshman, Sophomore, and Junior must select, in consultation with the Class Advisers, the courses in which he expects to enroll the subsequent year. Beginning in May, 1942, this enrollment must be accompanied by a registration deposit of \$10. After May 9, 1942, a student, who has not selected his courses for the following year and has not made his registration deposit, will be considered as not returning the next session. This registration deposit will be applied to his fees in September or will be returned, if the registration is cancelled by July 1.

SPECIAL DRILL IN ENGLISH FUNDAMENTALS

Any member of the student body who exhibits marked weakness in any phase of English expression will be remanded to a special drill class conducted by the English Department. Instruction in this course will be fitted to the needs of the individual student in accordance with the judgment of the instructor in charge. Every student assigned to this class will be required to attend until his improvement enables him to meet the College standards. *No student whose use of English is unsatisfactory will be graduated from the College.*

LIBRARY COURSE

Required of all Freshmen. This course is designed to familiarize the students with the arrangement and use of the library and covers such matters as: card catalog, decimal classification, periodicals, periodical indexes, and important reference works.

This course is under the direction of the librarian; the hours of instruction are determined by the student's individual schedule.

LITERARY SOCIETY WORK

One hour of elective credit is allowed for two years of work in the Society; two hours for three years.

FOREIGN LANGUAGE COURSES

First-year courses in modern foreign languages are intended for students who have had no previous training in those fields. See pages 39, 41, and 49. No credit will be given for a first-year course in a modern language unless it is followed by the second-year course in the same language. No credit will be allowed in a first-year course in modern language when two units of that language have been offered for college entrance.

Candidates for the B. A. degree may satisfy the degree requirement for courses 1, 2, and 3 in any language, ancient or modern, with the satisfactory completion of the third-year course in that language. The satisfactory completion of the second-year course in any language, ancient or modern, will meet the degree requirement for courses 1 and 2 in that language.

Candidates for the B. S. degree may satisfy the degree requirements for modern language with the successful completion of any two second-year courses.

Credit hours in language courses will be given only for those language courses taken in college.

PRE-MEDICAL COURSE

The minimum amount of preparation required for entrance by the medical colleges is 30 session hours. However, the number of men applying to the medical colleges every year is so great that many applicants are rejected. The chances of a man with only the minimum requirement are growing less every year. For this reason, and because in such an important profession as medicine a thorough preparation in science as well as a broad cultural background are so desirable, it is strongly urged that all men expecting to take medicine pursue a four-year course leading to one of the baccalaureate degrees. The necessary sciences can easily be taken as electives.

Two-year pre-medical students must make 50 quality units for recommendation to a medical college; three-year students must make 65 quality units. Four-year students failing to graduate will not be recommended to a medical school. The outline of a pre-medical course will be furnished on request.

PRE-LAW COURSE

There is no pre-law course in the sense of a set of requirements specified by the law schools. These schools require at least thirty session hours of college work, which means not less than two years. Certain college courses furnish a better preparation for the study of law than others, and the Class Advisers or the Dean will guide the prospective law student in choosing the best courses.

However, the best possible preparation for the study of law is the four-year course leading to the B. A. degree, and all students interested in studying law are advised to take this degree.

PRE-ENGINEERING COURSE

The best of the Northern and Eastern schools of engineering are highly technical and give a student very little opportunity to study such cultural courses as are offered at Hampden-Sydney. For this reason, and for the possibly stronger reason that a high school student needs further training to carry successfully the difficult work of the technical school, at least two years at a school like Hampden-Sydney is very desirable.

PRE-SEMINARY COURSE

The American Association of Theological Schools recommends that men preparing for the ministry take in college courses in the following subjects: English, History, Psychology, Philosophy, Greek, Biology or Physics, Economics, Political Science, Sociology, and Education. Special emphasis should be placed upon the study of English as it is of supreme importance that the minister be able to express himself with clarity, beauty and force. German is also recommended for students who expect to pursue advanced work in theology.

*Outline of Work in the Several Departments

ASTRONOMY

Professor Gilmer

GENERAL ASTRONOMY

The first months are devoted to a careful study of the geometry of the sphere as essential to the proper understanding of the astronomical methods of determining the location, distance and motions of the heavenly bodies; the members of the solar system and the bodies in the outer region of space are then successively taken up and their motions, physical features and constitution considered. Throughout the course the mathematical and physical laws by which the astronomer is guided to his conclusions and the logical development of the reasoning resulting in these conclusions are the objects of attention, the mere rehearsal of facts being deemed of secondary importance.

Only such students as have completed Physics 1, and Mathematics 1 and 2, are admitted to this course. This course will not be given in 1941-1942. Two hours credit.

BIBLE

Professor Massey

Mr. Gibboney

The purpose of the work in this department is fourfold: (1) to lead the individual student into a Christian experience, (2) to give him a working knowledge of the factual contents of the Bible, (3) to inspire him with a love for the study of the Bible, (4) to acquaint him with the best methods of Bible study. The Bible is the chief text-book, and the student is encouraged to study the Bible without helps and for his own personal profit. Constant effort is made to impress the student with the profundity of the Bible, and for that reason the mastery of its contents must be attacked with serious-

*The courses will generally be given as outlined, but every professor reserves the right to modify the content of his courses at will.

ness and strenuous endeavor. As a part of the work of the first two years some of the great passages of the Scriptures are committed to memory, with the hope that they will serve as guiding principles for life.

In Bible 1 and 2 considerable attention is given to Bible Geography. All students must take Bible the first two years in College.

BIBLE 1.

Two-thirds of the session is devoted to the study of the life of Christ and one-third to the study of the life of Paul.

With the assistance of some good harmony of the Gospels the earthly sojourn of our Lord is traced from His Birth to His Ascension, the student being kept on the alert at every step for the evidences of His Deity.

During the last two months of the session a study is made of the life of Paul, discovering in the changed life of the apostle an evidence of the truth of Christianity. Three hours credit.

BIBLE 2.

A careful study of the historical portions of the Old Testament, tracing the development of the Divine plan in the history of the Israelitish people, and culminating in the coming of the Messiah. During the latter part of the course as much attention as time will permit is given to the history between the close of the Old Testament and the coming of Jesus Christ. Three hours credit.

BIBLE 3.

Book studies in the Bible. Some of the Prophecies of the Old Testament and some of Paul's Epistles are studied according to the Book Method. This course alternates with Bible 4, and is elective for those who have passed Courses 1 and 2. It will be given in 1941-1942. Three hours credit.

BIBLE 4.

Christian Doctrine. The work of this course is designed to furnish the student with a knowledge of the fundamental doctrines of the Christian religion, to equip him for active Christian service, and to answer as far as possible any theological questions about which he

might be perplexed. This course alternates with Bible 3, and is elective for those who have passed Courses 1 and 2. It will not be given in 1941-1942. Three hours credit.

BIOLOGY

Professor Overcash

Mr. Simpson

BIOLOGY 1.

General Biology. This course is designed to acquaint the student with the fundamental generalizations that are the product of modern research in Biology. Comparative morphology, physiology, and ecology of animal and plant life are illustrated by a detailed study of types of several groups. Attention is paid to the grouping of forms and to comparison of these groups. Two hours credit. Fee \$1 for those not taking Biology 2.

BIOLOGY 2.

This is a laboratory course following the class work of Biology 1, and gives the student first-hand knowledge of the objects of his study. Exactness and method in observation, care in the handling of material, and neatness in keeping notebooks will receive special emphasis. One hour credit.

Students will furnish their own notebooks and dissecting sets. Laboratory fee, \$7 ; breakage deposit, \$2.

BIOLOGY 3.

Zoölogy. A general survey will be made of the animal kingdom ; the phyla and classes being studied, and typical forms being used in the laboratory to enable the student to place each in its natural position. Morphology and physiology will be stressed and attention called to the most important ecological groups and individuals. Two hours recitation and two and one-half hours laboratory work a week.

This course is intended primarily for students who expect to study medicine, but is also valuable for those who will do advanced work in Biology. Elective for students who have completed Biology 1 and 2 with a grade of 80 or above.* Three hours credit.

Laboratory fee, \$10 ; breakage deposit, \$2.

*This rule is effective for those taking Biology 1 and 2 in 1941-1942 and thereafter.

BIOLOGY 4.

Botany. The morphology, physiology and ecology of plants will be the subject matter in this course. The form of comparatively few plants will be studied and these will be used to help in acquiring a working knowledge of others. The general principles of Physiology will be studied and applied. Ecology is studied with the special purpose of opening the eyes of the student to many of the interesting things about him which have never received his attention. Two hours recitation and two hours laboratory work a week. Elective for students who have completed Biology 1 and 2 with a grade of 80 or above.* This course will not be given in 1941-1942. Three hours credit.

Laboratory fee, 10; breakage deposit, \$2.

BIOLOGY 5.

Vertebrate Anatomy and Embryology. Lectures, recitations and laboratory work. The higher vertebrates will be used as a basis for the discussions. Special emphasis will be placed on the embryology of the chick and some time will be spent in the study of the amphibian and mammalian embryos. Prerequisite Biology 3. The course will not be given for fewer than four students. This course will be given in 1941-1942. Three hours credit.

Laboratory fee, \$10.

BIOLOGY 6.

Genetics. A short course in the study of Mendelian principles and their application to present-day problems. A survey of present-day knowledge of plants and animals from the standpoint of their inheritance. Lectures, recitations, problems. Prerequisite, six hours Biology. One hour credit.

Fee, \$1.00.

*This rule is effective for those taking Biology 1 and 2 in 1941-1942 and thereafter.

CHEMISTRY

Professor Winston

Associate Professor Frierson

Mr. Simpson

CHEMISTRY 1.

Inorganic Chemistry. In this course theoretical and descriptive inorganic chemistry is presented. The fundamental ideas of chemical science, the laws governing chemical change, the elements and their principal compounds are systematically brought forward with frequent allusion to the application of chemical principles in the arts, manufactures, and medicine. Instruction is given by lecture and recitation. Fee, \$5. Three hours credit.

CHEMISTRY 2.

This is a laboratory course, designed to go hand in hand with the class work of Chemistry 1, illustrating the lectures and supplementing the experiments of the class room. Two and one-half hours a week. Laboratory fee, \$7; breakage deposit, \$2. One hour credit.

CHEMISTRY 3.

Qualitative Analysis.

This part of the course is designed to give the student a thorough knowledge of the methods employed in the qualitative determination of cations. The class work deals with equilibrium, ionization, solubility product, complex ions and other theoretical topics bearing on the work. Emphasis will be placed on the solution of problems pertaining to the above topics.

Quantitative Analysis.

The second part of the course presents and applies the more important principles and methods of gravimetric and volumetric analysis. Laboratory technique is emphasized and the determinations are carefully selected from this standpoint. The class work will consist of a study of the theoretical principles of quantitative analysis, discussion of laboratory work and the solution of problems. Two hours recitation and six hours laboratory. Elective for

students who have completed Courses 1 and 2 with a grade of 80 or above.* Laboratory fee, \$15; breakage deposit, \$8. Four hours credit. Five hours credit may be obtained by taking nine hours laboratory in the second part of the course. This is recommended only for those students specializing in chemistry.

CHEMISTRY 4.

Organic Chemistry. This course was introduced for three classes of students—those intending subsequently to pursue the study of medicine, those wishing to specialize in chemistry, and those who, interested in the laws of inorganic chemistry, desire to study their truer applications to the organic science. General relations are emphasized and illustrated by special cases of importance, while the relatively large number of compounds of minor import is rapidly surveyed. Elective for students who have completed Courses 1 and 2 with a grade of 80 or above.* Fee, \$5. Three hours credit.

CHEMISTRY 5.

Preparation of Organic Compounds. A minimum of seven~~ty~~ five hours of laboratory work is spent in making many of the more important compounds of carbon according to commercial and purely scientific methods. For those students requiring one hundred and twenty hours of work for medical school entrance, forty-five hours extra may be taken during the second term. Special stress is laid on the development of proper laboratory technique. Bi-weekly notes are written on the work done. Elective for students who have completed, or are pursuing Course 4. Laboratory fee, \$10; breakage deposit, \$4. One hour credit.

CHEMISTRY 6.

Physical Chemistry. This course is designed for those students who intend to specialize in chemistry. It is open only to Seniors who have completed, or are completing, the first six courses in chemistry. Only one other course in chemistry may be taken concurrently with Chemistry 8. Those taking this course must also

*This rule is effective for those taking Chemistry 1 and 2 in 1941-1942 and thereafter.

have taken Physics 1 and 2, and must be taking or have completed Mathematics 3. Three hours recitation and six hours laboratory. Laboratory fee, \$20. Breakage deposit, \$5. Given only if there is sufficient demand. Five hours credit.

ECONOMICS

Associate Professor Bittinger

PRINCIPLES OF ECONOMICS.

This course is a study of the fundamental principles underlying the economic activities of society. The objectives are three-fold: (1) to give the student an accurate understanding of the vocabulary and terms of the subject, (2) to give as thorough training as possible in the social and long range point of view as opposed to the selfish and immediate, (3) to give particular grounding in those economic theories and institutions which underlie the American competitive system of free enterprise. The main divisions treated are definitions and concepts, money and capital, prices and the cost of production, monopoly prices, taxes, international trade and tariffs, banking, income as it affects consumption and production and the division of labor with relation to the development of industry. Open only to Juniors and Seniors. Three hours credit.

EDUCATION

Mr. Walker

EDUCATION 1.

The first term will be devoted to Methods and Principles of Teaching in keeping with the soundest concepts of modern educational theory. Questions of discipline, classroom management, methods of class instruction, and related topics will be considered. The second term will be devoted to a study of practical problems which confront the beginning teacher. Open only to Juniors and Seniors who have expressed a preference for the teaching profession. Three hours credit.

EDUCATION 2.

A detailed study of the hygiene of the school child. This course is offered to meet the West Law requirement for certification of

teachers in state schools. *For prospective teachers only.* One hour credit.

ENGLISH

Professor Beale

Assistant Professor Ropp

Assistant Professor Reveley

Mr. Gordon

Mr. Walker

In the department of English two objects are kept steadily in view: (1) to give the student such mastery of the language as will enable him to write and speak not only with correctness and accuracy, but also with some degree of ease and grace; (2) by acquainting him directly with the great masterpieces of English and American literature, to cultivate in him a taste for good reading, and to help him develop more highly a sense of literary appreciation, as well as the faculty of constructive and creative thinking.

ENGLISH 1.

Introductory courses in English and American literature are pre-supposed for this class and in no case is high school work to be regarded as an equivalent of work done in college. Students preparing for college entrance should be especially drilled in the mechanics of composition, spelling, punctuation, grammar, sentence structure, paragraphing, etc. In their written work they must be able to express themselves in clear, correct, and orderly English, or they will find it impossible to meet the requirements of the course.

The work of this class is devoted to the study and practical application of the more advanced principles of Composition and Rhetoric. Many essays are written, parallel reading is required, and training is given in the art of interpreting literary thought and expression. Three hours credit.

ENGLISH 2.

The history of English literature. A survey course on the development of English literature to the Victorian Era. Emphasis is upon readings from the major writers, and upon study of representative sections in class. The aim is first-hand acquaintance with the best in English literature.

Parallel readings, occasional essays and appreciations based on the work of the class are required. Three hours credit.

ENGLISH 3.

Studies in the Victorian Era of literature. The course is confined to the major poets and essayists of the period. Essays, reports, criticisms, and parallel readings are required. Open to students who have passed English 1 and 2. This course alternates with English 5, and will be given in 1941-1942. Three hours credit.

ENGLISH 4.

Shakespeare. All the principal plays of the dramatist are read. The course includes a careful study of Shakespeare as a poet and dramatic artist, and a study of the development of the Elizabethan theater. Open to students who have passed English 1 and 2. This course alternates with English 6, and will be given in 1941-1942. Three hours credit.

ENGLISH 5.

American Literature. A study of the growth of American literature, with emphasis upon the political, social, and economic forces that have particularly influenced the literary development of the nation. This course alternates with English 3, and will not be given in 1941-1942. Three hours credit.

ENGLISH 6.

First Term, English Drama. The general English drama, exclusive of the Shakespearean, is studied in its growth from the medieval to the modern period.

Second Term, Modern Drama. A study of the growth of modern drama in Europe and America from 1880 to the present time. The development of the theater in this period is also carefully traced. Open to students who have passed English 1 and 2. This course alternates with English 4, and will not be given in 1941-1942. Three hours credit.

ENGLISH 7.

English Novel, First Term. The course includes a brief survey of the beginnings of the novel in England and a study of the major English novelists of the nineteenth century as well as a selected group of representative modern novelists. (Continued on page 39)

Short Story, Second Term. A study of the rise and development of the short story, with special emphasis upon the modern short story in British, Continental, and American literatures. Open to students who have passed English 1 and 2. This course alternates with English 8, and will be given in 1941-1942. Three hours credit.

ENGLISH 8.

A study of Anglo-Saxon and Middle English, and a general survey of the growth of the English language. Designed primarily as a teacher training course for prospective teachers of English. Open to students who have passed English 1 and 2. This course alternates with English 7, and will not be given in 1941-1942. Three hours credit.

ENGLISH 9.

English Speech. A study of spoken English in all forms of general daily use as well as in public speaking. The first term is devoted to the study of the voice and the principles of correct speech. Practice is given in reading and in the various forms of informal speaking. In the second term, emphasis is placed on the study of debating and all other formal types of public speech. The course is open to Juniors and Seniors. Sophomores are admitted only on the evidence of special qualification for the work. Three hours credit.

FRENCH

Professor Bell

Assistant Professor Reveley

Mr. Gordon

FRENCH 1.

French Elements. Grammar, composition and drill in pronunciation. Spoken French is confined to classroom expressions and simple conversation. Easy and rapid reading begun early in the session. Three hours credit if followed by French 2.

FRENCH 2.

Approximately one-third of the course is composed of grammar and composition. Translation, reading and drill in pronunciation. Parallel reading. Three hours credit.

FRENCH 3.

Advanced reading course. Translation and interpretation of texts. Parallel reading assigned each student in the field of his special interest. This course alternates with French 4 and will be given in 1941-1942. Three hours credit.

FRENCH 4.

A survey course. Representative readings and a short history of French literature. Students are urged to choose required parallel reading from the field of their special interest. This course alternates with French 3 and will not be given in 1941-1942. Three hours credit. Offered in 1940-1941.

FRENCH 5-7.

Advanced. Open only to those students who have demonstrated their fitness for advanced work in French. The course is varied by offering each year a type, or period, of French literature different from that studied the previous year. Three hours credit for each year's work.

GEOLOGY

Professor Winston

GEOLOGY 1.

Physical and Historical Geology. In the study of physical geology, the human relation is emphasized whenever possible. In historical geology the use of fossils in determining horizons is discussed, a detailed study of the formations in this country is made, with reference to those of other countries whenever necessary. Special stress is laid on the phylogenetic relations of the leading groups of animals and plants. This course is elective for Juniors and Seniors, alternates with Geology 2, and will not be given in 1941-1942. Two hours credit.

GEOLOGY 2.

Economic Geology. The objective is to present, in as simple a manner as possible, a general picture of the earth materials used by man. The origin, methods of mining, and uses of important earth materials are given. This course is elective for those Juniors and Seniors who have completed Chemistry 1, alternates with Geology 1, and will be given in 1941-1942. Two hours credit.

GERMAN

Assistant Professor Pfanstiel

GERMAN 1.

A thorough familiarity with the language is developed by constant grammatical drill, composition, and translation. A reasonable amount of simple narrative prose is read. Three hours credit if followed by German 2.

GERMAN 2.

The transition to more difficult reading material is effected as easily, and yet as rapidly, as possible. The principal subject for study is the modern *novelle*. A systematic review of grammar is made. Three hours credit.

GERMAN 3.

This course is designed to give the student a knowledge of the history of German literature. Class reading, which traces the development of some particular literary type, is supplemented by parallel readings both in English and in German. Three hours credit.

GOVERNMENT

1940-1941

Mr. Webb

1941-1942

Associate Professor Bittinger

AMERICAN GOVERNMENT AND POLITICS

This course begins with an examination of the theories relating to the origin, nature, and study of the state. The main emphasis is placed upon a study of the government of the United States with reference to political parties, minority pressure groups, economic, social and sectional forces which have influenced the processes of government. Consideration is given to problems that have to do with spheres of governmental activity in the light of the present day conditions at home and abroad. Open only to Juniors and Seniors. Three hours credit.

GREEK

*Professor Wilson**Professor Thompson*

The Greek Department has for its objective a three-fold purpose: first, the reading and appreciation of as much of the original language as is possible; second, the acquiring of a more thorough knowledge of the English language through comparison; third, the development of a habit of accurateness and thoroughness to which the study of Greek so easily lends itself.

GREEK 1.

This course takes up the study of Greek from the beginning and carefully drills on forms, vocabulary, and syntax throughout the year. There are daily exercises in translating both from Greek into English and from English into Greek. During the last part of the year Xenophon's *Anabasis* will be begun and as much of Book I will be read as is possible. Three hours credit.

GREEK 2.

The emphasis of this course will be placed upon the acquiring of a thorough working knowledge of Greek syntax. This will be accomplished through a close study of the grammar involved in the reading and by continued practice in prose composition. Forms will of necessity be reviewed. Xenophon's *Anabasis* will be continued and, if possible, some other prose will be studied. Three hours credit.

GREEK 3.

The object of this course is to acquaint the student with at least three Greek authors. Grammar will be subordinated to rapid reading. In order that the field of Greek literature may be more completely understood, the reading will be supplemented by a brief study of Greek History and Greek Literature with the reading of standard translations of certain classics. This will involve both classroom and outside work with oral and written reviews and reports. Three hours credit.

*GREEK 4-B.

Translation of selected Tragedies and Comedies and portions of Thucydides' History of the Peloponnesian War. Given if there is sufficient demand. Three hours credit.

*GREEK 4-A.

This course will be devoted to a study of the Greek New Testament. The first semester will be devoted to the reading and studying of Hellenistic Greek. In the second semester, the study will center in the life of the apostle Paul as recorded in the Acts and the Pauline Epistles. Given if there is sufficient demand. Three hours credit.

HISTORY

1940-1941

Mr. Webb

HISTORY 1. European.

HISTORY 2. American.

HISTORY 3. Greek and Roman.

HISTORY 5. American Colonial.

1941-1942

Associate Professor Bittinger

HISTORY 1.

Classical and Medieval Civilization. This course deals with the cultural, institutional, economic, and political development of Europe in the Mediterranean basin from the dawn of civilization to the beginning of the modern period. The study includes a survey of the ancient world with particular emphasis placed on Greek and Roman developments and contributions. In the second term the subject matter to be covered concerns the life of institutions of Europe from the decline of the Roman Empire to the emergence of the Modern Age. Three hours credit.

HISTORY 2.

Modern European History (1500 to 1930). This course surveys the development which marked the transition from the Medieval to the Modern Age, and traces the economic, social, and political

*Greek 4-A and Greek 4-B will not be given the same year.

history of Europe in early modern times. Beginning in 1789 the topics emphasized are the following: the French Revolution and the era of Napoleon; the Industrial Revolution; the early 19th Century struggle between liberalism and conservatism; nationalism intensified; the emergence of Germany and Italy as national states; the growth of international rivalry which led to the World War; post war problems and developments. Three hours credit.

HISTORY 3.

American History (1783 to 1941). As an introduction to this course our old world beginnings and the chief developments of the colonial and revolutionary periods are briefly surveyed. The course, however, particularly emphasizes the development of the American nation from the close of the Revolution to the present. Emphasis is laid on the place of this country in world history, and on the economic and social background of politics. This course is not open to first year students. Three hours credit.

LATIN

Professor Thompson

LATIN 1.

Applicants for the Freshman Class must present at least two units of high school Latin. The course will consist of a thorough review of Latin fundamentals and the reading of easy prose. Three hours credit if followed by Latin 2.

LATIN 2.

Emphasis will be laid on the art of translation. Cicero, Ovid, or other standard authors will be read. Three hours credit.

LATIN 3.

In this class, selections covering the whole span of classical Latin Literature will be read. Grammar will be subordinated to rapid reading. Three hours credit.

LATIN 4, 5, and 6.

These courses will be varied to suit the interests of the students enrolled. Three hours credit.

MATHEMATICS

*Professor Reed**Associate Professor Elliott**Assistant Professor Reveley*

Courses 1, 2, and 3 are elementary. While methods and principles are studied great emphasis is placed on "technique." The student who attempts to take advanced courses is often embarrassed and has his attention distracted by more or less elementary transformations. One of the objects of these three courses is to prevent this, and to this end a great deal of attention is paid to formal manipulations. Especially is this true of Mathematics 3.

MATHEMATICS 1.

The first term is devoted to algebra. Important parts of high school algebra are reviewed and advanced topics are taken up. The second term is devoted to plane trigonometry. Three hours credit.

MATHEMATICS 2.

The whole session is devoted to plane analytical geometry. Three hours credit.

Students who have not had solid geometry should not take the following courses:

MATHEMATICS 3.

Differential and integral calculus. Three hours credit.

MATHEMATICS 4.

This is a continuation of calculus, with a short course in differential equations. Three hours credit.

MATHEMATICS 5.

This course is for students who intend to specialize in Mathematics. It includes the theory of equations, an elementary treatment of determinants, certain topics in advanced algebra, and solid analytic geometry. This course may follow Mathematics 2, but ordinarily should follow Mathematics 3. Three hours credit.

PHILOSOPHY

Professor Allan

PHILOSOPHY 1.

Ethics and Problems of Philosophy. First Term, Ethics. A survey of the various theories of right and wrong, followed by the application of ethical standards to present day moral problems, individual and social. Second Term, Problems of Philosophy such as truth and error, space and time, mind and matter, mechanism and teleology, freedom and determinism. The main systems of thought: materialism, idealism, realism, pragmatism, theism. Open to Juniors and Seniors. Three hours credit.

PHILOSOPHY 2.

History of Philosophy. A study of the reasonings and conclusions of the leading philosophers who have influenced Western civilization from Plato and Aristotle down to William James and Bergson. Their speculations about God and the universe, space and time, the origin of life, the nature of personality, good and evil will be analyzed. Open to Juniors and Seniors. This course alternates with Philosophy 3 and will not be given in 1941-1942. Three hours credit.

PHILOSOPHY 3.

Logic and Contemporary Thought. First term: the principles and practice of correct thinking embracing: deductive logic, induction and scientific method, the fallacies. Second term: a survey of twentieth century philosophies and movements of thought such as realism, idealism, pragmatism and theism. Open to Juniors and Seniors. This course alternates with Philosophy 2 and will be given in 1941-1942. Three hours credit.

PHYSICAL EDUCATION

Professor Smith

Assistant Professor Brackett

Physical Education meets two hours each week, and all freshmen who are not excused by the college physician, must receive one year's credit in this course to graduate.

The President of the United States has requested all colleges to step up their physical education programs in cooperation with the National Defense Commission. The main objective of this course is not only to provide physical exercise for the student during his Freshman year, but also to create an incentive for each student to attain his maximum physical development through exercise and athletics during his entire college career.

The program is a varied one consisting of indoor and outdoor sports, corrective exercises, calisthenics, games, gymnasium work, and lectures on the fundamentals of the major sports by the instructor.

Regulation uniforms are required, \$3.50 without shoes.

PHYSICS

Professor Gilmer

PHYSICS 1.

General Physics. Mechanics, Properties of Matter, Heat, Sound, Magnetism, Electricity, and Light are successively considered and illustrated by numerous experiments on the lecture table. The important part played by physical principles in modern life is pointed out and exhibited wherever possible. With a view to laying a broad and firm foundation for advanced work in Physics, the fundamental importance of mechanical principles as a proper basis of the theory in other branches of the subject is emphasized. Prerequisite: Mathematics 1. Fee \$5. Three hours credit.

PHYSICS 2.

Laboratory course in General Physics. This course comprises some forty simple quantitative exercises designed to give the student a more detailed knowledge of the construction and use of various forms of physical apparatus. Two and one-half hours a week. Laboratory fee, \$5. One hour credit.

PHYSICS 3.

First Term, Heat. The laws of Heat and Thermodynamics will be carefully considered.

Second Term, Physical Optics.

The purpose of this course is to lay a firm foundation for subsequent work in Physics and also to give to those students specializing in other branches of science a working knowledge of these two subjects. Elective for students who have completed Physics 1 and 2 with a grade of 80 or above* and Mathematics 3.

PHYSICS 3-A.

A laboratory course coordinated with Physics 3. Laboratory fee, \$10.00. One hour credit.

PHYSICS 4.

Magnetism and Electricity. The course is designed as an introduction to the study of advanced Electricity or of Electrical Engineering. Elective for students who have completed Physics 1 and 2 with a grade of 80 or above* and Mathematics 3. This course will not be given in 1941-1942. Three hours credit.

PHYSICS 4-A.

A laboratory course coordinated with Physics 4. Laboratory fee, \$10.00. One hour credit.

PHYSICS 5.

Mechanics. This course employs the methods of the Differential and Integral Calculus, for those who intend to take up Civil or Mechanical Engineering or to pursue the study of advanced Physics. It is designed not only to give a more detailed and intensive knowledge of Mechanics itself, but also to serve as an introduction to the use of Calculus as a means of dealing with problems above the elementary stage of the mathematical sciences. Prerequisites: Physics 1 and Mathematics 3. Three hours credit.

PSYCHOLOGY

Professor Allan

PSYCHOLOGY 1.

Fundamentals of Psychology. This is a basic course which aims: first, to lay a broad foundation for advanced work in psychology; and, secondly, to show the working out of psychological principles

*This rule is effective for those taking Physics 1 and 2 in 1941-1942 and thereafter.

in the various professions and in everyday life. The first part of the course will be a scientific study of native capacity, intelligence, memory, learning, feelings and emotions, observation and thinking, motivation and action. The second part will be a study of how these facts and principles may be applied to business, industry, law, medicine, the ministry, education and daily life. Elective for Sophomores, Juniors, and Seniors. Fee, \$2. Three hours credit.

PSYCHOLOGY 2.

Abnormal Psychology and Mental Hygiene. A study of abnormal human behavior and consciousness, including sensory, motor, emotional and memory disorders, the psycho-neuroses, the psychoses, drug effects, sleep and dreams, hypnosis and multiple personality. The development of normal personality and the various forms of psychotherapy, both remedial and preventive, will receive emphasis. This course alternates with Psychology 4 and will not be given in 1941-1942. Open to Juniors and Seniors. Three hours credit.

PSYCHOLOGY 3.

Experimental Psychology. A laboratory course in experimental methods and mental testing procedures. One hour credit.

PSYCHOLOGY 4.

Psychology of Personality and Social Psychology. First Term, the development of personality from infant to adult, the traits and types of personality, methods of judging and measuring personality. Second Term, social behavior, including the psychology of groups, crowds, public opinion, propaganda, leadership and other social forces. This course alternates with Psychology 2 and will be given in 1941-1942. Pre-requisite, Psychology 1. Three hours credit.

SPANISH

Associate Professor Ghigo

SPANISH 1.

This is a class for beginners and for those who have not had sufficient preparation to take Spanish 2. The elements of grammar, composition, and pronunciation will be studied. Special at-

tention will be given to idiomatic expressions and most of the irregular verbs will be studied thoroughly. As much easy prose will be read as time permits. Three hours credit if followed by Spanish 2.

SPANISH 2.

This course is open to those who have completed Spanish 1 or its equivalent in high school. A review grammar will be studied along with composition. Works of standard authors will be read in class or as parallel. While composition is stressed in this course, a reading knowledge of Spanish is the main objective. Three hours credit.

SPANISH 3.

An outline of the History of Spanish Literature will be covered from its origin through the Romantic Movement in the Nineteenth Century. This and more advanced reading of Spanish authors will be emphasized. The study of grammar and composition will not be omitted, but will not be stressed. The object of this course is to give the student an elementary knowledge of Spanish literature in order to form the background for a more intensive study by periods.

This course alternates with Spanish 4 and will be given in 1941-1942. Three hours credit.

SPANISH 4.

First term: The study of Modern Spanish Literature from the Regional Novel and the Post-Romantic Dramatists down to the present time. There will be much reading in and out of class from the writings of this period.

Second term: Advanced composition and conversation. An attempt will be made to train the ear and the tongue by dictation and the study of pronunciation. A short time will be spent on methods of teaching Spanish in high schools and the completion of this course will be necessary before receiving a teaching recommendation. This course alternates with Spanish 3 and will not be offered in 1940-1941. Three hours credit.

General Information

The Hampden-Sydney Aim

It is the general aim of Hampden-Sydney College to prepare the highest type of manhood to fill all the different callings of life. Through its curriculum and the courses offered, it aims to do two things: (1) To give a broad cultural education to men who expect to go into business and into the professions; (2) To equip men of special interests and capacities for post-graduate and research work in some university.

In the carrying out of these aims, emphasis is placed upon the development of Christian character and sound scholarship. Every effort is exerted to foster a wholesome moral atmosphere. Only men of Christian character and adequate attainments in scholarship are chosen to positions in the faculty. For members of its student body the College is seeking only young men who are adequately prepared and of good moral character. Young men who indulge in such vices as profanity, drinking, gambling, and the like *are not wanted* at Hampden-Sydney.

The Faculty may dismiss, without making specific charges, any student whom it deems undesirable. The parent or guardian will first be asked to withdraw the undesirable student.

Such an action will form a part of the student's record, and will be stated on any certificate sent to another institution.

Discipline

The discipline of the College is in the hands of the President, Professors, and Faculty, under regulations adopted by the Board of Trustees. Its object is to maintain regularity and order in the institution, and to cultivate among the students the spirit of honor and manliness. The principle on which it proceeds is what has for many years been known in the universities and colleges of Virginia as "The Honor System," and has been found most effective in the development of good character and conduct. Fortunately, other means are seldom needed to secure the desired end, but, when neces-

sary, they are resorted to in the form either of admonition, suspension, or dismissal, as the gravity of the offense may demand.

The maintenance of the Honor System is primarily in the hands of the "Student Council," elected by the students themselves.

General Rules of Absence

Regular attendance on classes is of prime importance and parents are earnestly requested to co-operate with the Administration in securing this. A student of industry and ability may miss certain classes without serious loss, but provision is made for this in the rules of the College; and it would be a most excellent thing for the student and the College for a parent to meet any request from his son for an excuse with this response: *Stay at college and attend all your classes until you have earned by your own efforts the right to miss them.*

1. No student may leave college without written permission from parent or guardian presented to the Dean *in advance*. This rule does not apply to the regular holidays. "Leaving college" means getting so far away that one cannot get back to his next class. The student who takes a chance may not plead a mishap of any kind.

2. General excuses, allowing a student to leave college at will, and blank excuses, to be filled in by the student, will not be honored.

3. All students must begin attending classes the day college opens, or as soon thereafter as possible. A student reporting to a class after the first scheduled recitation is counted absent from all previous recitations, and such absences can be removed only by giving a satisfactory explanation to the Dean.

4. The demoralization attendant on a holiday is always aggravated by requests from parents that their boys be allowed to leave before the appointed time. Such requests will not be granted.

The demoralized condition is further aggravated by the failure of students to return promptly after a holiday. Students who do return late must present from their parent or guardian a written statement covering the specific cause of the delay and, if not excused, must take a zero and pay a fee of \$1 for each class missed.

Excuses for sickness are acceptable when accompanied by a physician's statement. Delays caused by dental engagements are not excused.

5. Parents' excuses will not be allowed for more than three absences in any recitation course during a term. Such excuses cannot be used to avoid taking pre-assigned tests.

6. Requests from parents for students to miss classes while remaining at college will not be granted. A student taking advantage of an absence permit to miss classes without leaving college, will be charged with unexcused absences. "Leaving college" in this regulation means being outside of Prince Edward County.

7. In order to be excused from classes on the ground of sickness, a student must go to the Infirmary. Unauthorized trips to the doctor, dentist, or oculist, are not valid excuses for missing a class.

8. Every Unexcused Absence counts as a zero. A student receiving five zeros during any term on account of unexcused absences or for any other reason, will be put on probation and be deprived of all privileges, and especially of missing any classes except for sickness. If he receives two additional zeros he will be dismissed from college.

9. If a student is twenty-one years old, he may write his own excuses, subject to all the preceding conditions. But notice of the acceptance of the excuse will be sent to the parent or guardian.

10. The notice of an absence, not covered by "cuts", or a "parental", or a college activity, or the Infirmary report, is sent to the student via mail and the absence must be satisfactorily explained to the Dean within three days, or it will be reported to the instructor as unexcused and entered in the Dean's office as a "zero". (See Rule 8.)

Rule for Laboratory Work

No cuts are allowed in laboratory work. Only sickness or participation in a college activity warrant excuse and even these are subject to the rule that "anyone taking a one-hour laboratory course who misses more than six during a session receives no credit for the course. If he misses six or less, he must make up all but two.

A fee of \$1.00 for each laboratory made up will be required of all unless absences are due to being on regular college team. This rule will be prorated for other laboratory courses."

Care of Property

All students are expected to cooperate with the college in keeping its property in good condition. Each summer the college goes to considerable expense to make its physical plant attractive to the incoming students. Every effort is made to make each room a suitable place for a student to spend his next nine months. From time to time during the session, investigations are made to see that the rooms are kept in suitable condition.

The students must pay for the repair of any damage for which they are responsible. Therefore, each student is urged not to cause any damage himself and to see that nobody else does.

The electricity used in each room is bought by the kilowatt hour. When it is wasted, money is taken from the college and paid to the electric company. By avoiding the waste of electricity, the college will save money which will be used to make the students more comfortable. Therefore, the college urges every student to set for himself the task of cutting off unnecessary lights and of saving electricity in every other way possible.

Automobiles

Owning and operating automobiles by upperclassmen is forbidden except upon request of parents and by special permission of the administration, and this permission will be withdrawn whenever, in the judgment of the administration, it is deemed advisable to do so. Cars *must be registered* at the Dean's office. No Freshman may keep a car at college.

This rule does not apply to students whose homes are sufficiently near for them to board at home and drive to college.

Firearms

No student is permitted to possess firearms at Hampden-Sydney College except by special permission of the administration, and this permission *must be obtained* in advance.

Church and Chapel Attendance

For longer than a century and a half Hampden-Sydney has had as her major objective the building of Christian character. A strong moral and spiritual atmosphere on the campus is most conducive to this end. This atmosphere is created by the students and the faculty centering their faith in God as He is revealed in Jesus Christ.

Meeting for worship is traditional here. Attendance upon regular church services and morning worship in the chapel, three days a week, is required of all students. These contacts between the students as well as between the students and members of the faculty, in an atmosphere of worship, result in a spirit of sympathy and friendliness that is promotive of college morale.

Complement of Hours Required

All seniors whose courses lead to graduation the following June must take at least twelve hours a week as a complement, even though they may not need so many hours in order to graduate. When it seems advisable a Freshman may be permitted to take a course of fourteen hours. All other students must have a minimum of fifteen hours a week and no student may take a course of more than nineteen hours a week. But no student may take over sixteen hours who has not passed at least fifteen hours the previous year, except by permission of the Executive Committee of the Faculty.

Quarterly Reports

Each professor keeps a daily record of the attendance and recitations of the members of his classes, and at the end of each quarter a statement of the standing in scholarship is sent to the parent or guardian of each student. In the middle of each quarter students are notified as to the subjects in which they are behind. Parents are also notified.

Examinations

In all classes two examinations are held—one in January, and one at the close of the session.

Honor Rolls

Students with no grade below 85 are placed on the Dean's first honor roll. Those with no grade below 80 are placed on the Dean's

second honor roll. The privileges belonging to the two groups are enjoyed as long as the high standing is maintained. The rolls are checked at the end of each quarter.

Re-Examinations

No re-examinations may be taken during the session of the College. These examinations will be given only on the three days immediately following Commencement, and during the week immediately preceding the opening of College in accordance with schedule herewith given. Passing a course by re-examination entitles the student to a grade of 75 for the course.

No student is entitled to a re-examination in a course in which his session average is below 60.

In lieu of a re-examination on one term's work a student may elect to repeat the term in class and take the regular term examination. If successful, the grade for the course is 75.

Re-Examination Schedule

1 9 4 1

	9 A. M.	3 P. M.
MONDAY, SEPT. 8	ENGLISH	MATHEMATICS
TUESDAY, SEPT. 9	CHEMISTRY GEOLOGY PHILOSOPHY PSYCHOLOGY PHYSICS	BIOLOGY HISTORY GOVERNMENT
WEDNESDAY, SEPT. 10	SPANISH GERMAN BIBLE	FRENCH LATIN
THURSDAY, SEPT. 11	GREEK	EDUCATION

A fee of \$3.00 is charged for every re-examination, and for all special examinations except examinations deferred on account of sickness. A student must present to the examining professor before the examination is taken a receipt from the Treasurer showing that this fee has been paid.

Credit for Summer Work

A student desiring to secure credit on work done in Summer Schools should *first* have the approval of the professor in whose department the credit is sought; otherwise he may find that the course taken is not the equivalent of the course given at Hampden-Sydney College and therefore not entitled to credit.

Only 15 of the 62 hours required for graduation may be earned in summer school and only 20 of the 80 quality units.

Minimum Scholarship Requirements

On account of the great number of students who come to college poorly prepared, or with no purpose to pursue their studies seriously, it is necessary to have rules to protect the College and the earnest student against the demoralizing and injurious influence of the unfit and the idle; and it is best for all concerned that these be eliminated as soon as possible. The Board of Trustees at its spring meeting in 1927 gave the Faculty permission to drop 10 per cent of the Freshman and Sophomore classes at the end of each term, the 10 per cent being chosen in every case from the lowest 15 per cent of the class; provided that no man be dropped whose general average is 70.

Members of the Junior Class, at the end of any term, are expected to attain the passing grade in classes amounting to at least eight hours a week.

Members of the Senior Class, at the end of the first term, are expected to reach the passing mark in classes amounting to at least nine hours a week. After final examinations a Senior may take only two re-examinations for graduation that year.

Juniors and Seniors failing to meet these requirements at the end of the first term, and Freshmen and Sophomores whose work is unsatisfactory, are put on such probation as the Faculty sees fit, and in extreme cases may be dismissed. At the end of the session, such students may be forbidden to return or be allowed to return on condition that a specified amount of work be made up during the summer.

The passing grade for all classes is 75.

Athletics

Hampden-Sydney College offers the very latest athletic advantages, including a brand-new, fully-equipped gymnasium and excellent playing fields for football, baseball, tennis and track.

Intercollegiate Sports

The College is a member of the Chesapeake Collegiate Athletic Conference and is governed by its eligibility rules. The control of all athletic matters is the responsibility of the Athletic Council and the General Athletic Association. The general rules governing athletics are as follows:

No one shall be a member or manager of any College athletic team who is not a regularly matriculated student.

No student under twenty-one years of age will be permitted to accompany any team for games away from College, either as a regular member of the team, as a substitute, or as a manager, except upon written permission from his parent or guardian previously addressed to the Dean of the College.

The College is not liable for injuries received in any athletic practice or contest, or for hospital and doctors' bills, or for any other expenses resulting from such injuries. However, arrangements can be made at the College for securing health and accident insurance. (See page 69.)

Intramural Sports

Recognizing the importance of stimulating physical exercise to the maintenance of student health, the Athletic Department at Hampden-Sydney College offers a comprehensive program of intramural activities which provides every student with opportunity to indulge in gainful recreation and pleasant social relations. This program, conducted under the careful supervision of the faculty, includes all seasonal sports from the beginning of autumn through the end of spring. Details concerning this very important phase of college life are contained in *The Handbook of Intramural Sports*.

Student Health Service

The health and physical welfare of the students are under the supervision of the College Physician.

There is an adequately equipped infirmary, in charge of a trained nurse, to which students who are too ill to attend classes must go.

The medical and infirmary fee covers the service of the College Physician at the daily sick call, entrance examination, special examinations for Physical Education and athletics, and emergency calls at the Infirmary. This fee likewise includes the services of the College Nurse at the Infirmary.

Students must bear any extra expense such as that of a consulting physician, special examinations other than those covered by the student health service, special nurse and hospital treatment.

Location

Hampden-Sydney College is located seven miles south of Farmville, Virginia, on U. S. Route 15.

Farmville is on the main line of the Norfolk and Western Railroad and on the Richmond-Knoxville line of the Atlantic Greyhound Corporation.

The post-office is Hampden-Sydney, Virginia. The telegraph, express, and freight offices are at Farmville. The College has long-distance telephone connections through Farmville.

Trophies and Awards

The Gammon Cup

Dr. Edgar G. Gammon, formerly Pastor of the College Church and now President of Hampden-Sydney College, awards annually a cup to the member of the graduating class who has best served the College. Character, scholarship, and athletic ability are considered.

The Algernon Sydney Sullivan Medallions

These medallions are presented by the New York Southern Society in memory of its first President, Algernon Sydney Sullivan. They are awarded to some member of the graduating class and to some alumnus for admirable spiritual qualities, outstanding, and practically demonstrated in daily life with other people.

The George Gordon Battle Prize

In memory of his brother-in-law, Dr. J. H. C. Bagby, Mr. George Gordon Battle, of New York City, offers annually a prize of \$100 to the student doing the most outstanding work in Physics.

Debate Council Award

The Debate Council makes an annual award of ten dollars to that student of the College who, in the judgment of the Council, makes the best record in intercollegiate debating during the year.

The George W. Bagby Prize

Mr. and Mrs. George Gordon Battle, of New York, offer an annual prize of fifty dollars for the best essay written by a student of the College, dealing with ante-bellum life or history in Virginia or in the South. This prize is called "THE GEORGE W. BAGBY PRIZE," in memory of the distinguished Southern writer whose name it bears. All essays in competition must be submitted to the President not later than the 15th of May. The papers submitted must be typewritten, and the winning essay will be deposited in the College Library. In case no essay is deemed of sufficient

merit the award will not be made. This prize will not be awarded a second time to the same contestant.

Alexander Medal

This medal is given by the Alexander Fund Club of the Valley Club of Hampden-Sydney in honor of Archibald Alexander, a native of the Valley of Virginia, who was the third President of the College, 1797-1806. It is awarded each year at Commencement to a Valley member of the Senior Class whose service on the campus has been meritorious.

The Trustees' Literary Medals

The Board of Trustees offers two medals, one for the best three essays and one for the best three short stories contributed to the magazine during the session by a student. Instead of either, three poems may be submitted by the contestants. A committee of the Faculty makes the award, no medals being given if the offerings do not merit them. One of these articles must be submitted to the editor by December 15th and all articles on or before May 15th.

The Rosewell Page Prize

In 1939 Dr. and Mrs. Frank S. Johns offered a prize of \$25, to be given annually to the student who has made during the session the greatest improvement in public speaking. The prize is to be given in memory of Hon. Rosewell Page of Richmond and Hanover County.

The Kearfott Stone Music Memorial

In 1939 Dr. and Mrs. H. B. Stone of Roanoke, Va., established the Kearfott Stone Memorial to their son, Kearfott, of the Class of 1935. This memorial is in the form of a loving cup awarded annually to that student who makes the greatest improvement in music during the session.

The Joseph E. Garland Prize

Mr. Joseph E. Garland, of Farmville, has established a prize of \$50.00 to be awarded annually to that student who manifests the best college spirit during the session.

Student Organizations

The *Student Body* is an organization of all students of the college. Under its constitution function The Student Council, which has charge of the Honor System, The Student Senate, which has charge of disorderly conduct, The Athletic Association, The Activities Committee, The Finance Board, and The Committee on Student Affairs. Through one or more of these committees the organization has some control over most of the extra-curricular activities among the student body. The election of its officers and committees occurs during the first week of April.

Students' Christian Association

The Students' Christian Association is a potent factor in both the social and Christian life of the students. On the first Friday evening after the opening of College the initial S. C. A. reception is held for the purpose of bringing the new men into closer touch with the older students and members of the Faculty, and other receptions are held at intervals throughout the session. The S. C. A. endeavors to make the new men feel that they are among friends from the start.

The S. C. A. handbook furnishes complete information concerning campus life and activities.

Under the auspices of the S. C. A., Bible Classes, Mission Study Classes, and Wednesday Evening Prayer Services are conducted throughout the session; and evangelistic services at intervals.

The reading rooms are attractively arranged and well supplied with wholesome games, magazines, and newspapers, both religious and secular.

When a student enters College he becomes automatically a member of the S. C. A.

The Literary Society

The present society is the result of the merger of the old Union and Philanthropic Societies.

The work of the Society is under the supervision of members of the Faculty, who volunteer their services.

Each year medals are awarded by the Society for proficiency in Oration, Public Speech, Declamation, and Reading.

The Jongleurs (*The Hampden-Sydney Players*)

Students interested in dramatics are invited to seek admission to membership in the Dramatic Club. Men must convince the Faculty coach and a committee of student members of their aptitude in this line. Each year the Club presents one play in conjunction with the State Teachers College of Farmville and one or more with casts composed entirely of Hampden-Sydney students.

The Glee Club

Students who are musically inclined have an opportunity for expression of their talent along those lines. Some sort of choral organization has always existed at the College, but in recent years the Glee Club has developed into a strong organization. Mr. Carl W. Broman of Staunton, Virginia, a skilled director, is in charge and full opportunity is given every student to try out for the Club. Several trips are taken during the fall and spring.

The Band

In the fall of 1938 the TIGER BRASS BAND was organized. The student members furnished their own instruments and certain of the alumni donated the uniforms. The Band performs at athletic contests and on other festive occasions. It combines with the Glee Club in joint concerts.

Student Publications

The Garnet, a literary magazine, is published four times a year.

The students publish an annual volume called *The Kaleidoscope*, of which forty-three volumes have been issued. This publication, intended primarily to foster college spirit, contains the rolls and photographs of the classes and the various College organizations.

The Hampden-Sydney Tiger, a weekly publication by the students reflecting the various phases of college life, was started in 1919-1920.

Greek Letter Social Fraternities

There are seven National Greek Letter Fraternities at Hampden-Sydney. These are all members of the Pan-Hellenic Fraternity Council which formulates the rules for rushing and initiating new members and has jurisdiction over any infraction of its rules. The following are the fraternities which have chapters at Hampden-Sydney: Chi Phi, Sigma Chi, Kappa Sigma, Pi Kappa Alpha, Kappa Alpha, Theta Chi, Lambda Chi Alpha.

Omicron Delta Kappa

In the spring of 1924 there was organized at Hampden-Sydney Lambda Circle of the National Honor Fraternity of Omicron Delta Kappa. The object of this fraternity is to encourage and honor leadership, and to utilize this leadership for the highest good of the College. The membership is composed of the recognized leaders in the various college activities and certain members of the Faculty chosen by the student members of the fraternity. At the regular monthly meetings every phase of college life is discussed, and constructive policies are adopted. These policies are put into effect by the molding of opinion and sentiment on the campus through the personal influence of the leaders.

The Sigma Upsilon Literary Fraternity

The Sphinx Chapter meets approximately every three weeks. Some members of the Faculty and chosen Juniors and Seniors meet to discuss literary men and movements, to read papers and to review books.

Chi Beta Phi, Scientific Fraternity

This is a national organization of undergraduates and faculty members interested in Science. The chapter at Hampden-Sydney is distinguished for its activity. In addition to its regular meetings for discussion of papers by the local members, the chapter brings in scientists from other institutions to give lectures and demonstrations. To these meetings the public is invited.

Tau Kappa Alpha Forensic Fraternity

Primarily an honorary fraternity for debaters and other public speakers, Tau Kappa Alpha has sponsored from year to year many campus projects designed to improve the college along forensic lines. The fraternity officers serve as the debate council, and each year the fraternity sponsors intramural debating, and awards a trophy to the winning Greek letter fraternity.

Alpha Psi Omega, Dramatic Fraternity

This fraternity honors outstanding leaders on the campus in the field of dramatics. Members are elected from students who have shown a decided aptitude along dramatic lines, as well as students who have done outstanding work in staging and producing.

Pi Delta Epsilon

The youngest of Hampden-Sydney's honorary fraternities, Pi Delta Epsilon honors leadership in the field of journalism and associated activities. The Hampden-Sydney Chapter was chartered in 1939. The fraternity seeks to coordinate the various publications by bringing the editors and business managers into one group.

Expenses

These are made up (1) of certain fees paid to the College directly and (2) of other and variable expenses.

I. FEES

1. *Regular Fees (1940-1941)*

Tuition and Maintenance, *\$215; Room Rent in College Dormitories, with furniture, **electric lights, steam heat, and baths (two students in a room), \$70. \$285.00

†Athletic Fee, \$15; Gymnasium, \$5; ‡ Medical, \$5;	
Campus Fee, \$20; ‡Infirmary Fee, \$10.....	55.00
	<hr/> \$340.00

2. *Special Fees*

Laboratory fees in the science courses are given in the description of those courses under "Outline of Work."

All fees are payable on date of matriculation, and, furthermore, \$100 for board for the first term is payable on date of matriculation, if the student takes his meals at the Students' Club. Any requests for modification of these terms must be taken up with the Treasurer before College opens. The balance of the board bill is due and payable at the beginning of the second term. Board is furnished at cost at the Students' Club.

Charges for breakage in science courses represent the actual cost of material, and any unused portion of the deposit is returned to the student at the close of the session.

In all courses in which fees are charged, a repetition of the course necessitates a repetition of the payment of the fee.

*The term "Maintenance" as here used does not refer to board.

**Two bulbs of 50 watts each are furnished by the College; any additional bulbs are to be paid for by the occupant of the room.

†The Athletic Fee admits students, without further charge, to all Varsity games played on the campus.

‡See paragraph "Student Health Service."

All candidates for degrees must deposit with the Treasurer on or before May 1st of each session a graduation fee of \$5.00; the fee is returned to those who fail to graduate.

A few students come only for the second term. They are charged a tuition and maintenance fee of \$110.00; room rent \$35.00, the entire medical fee, and one-half of the other fees.

Rooms in College dormitories are rented for the *entire session only*, and when students move into private homes, there will be no remission of fees.

A student has no claim on his room after the end of the session; after this date the room is open to the first applicant. However, a student may hold his part in a room by depositing with the Treasurer \$5.00 on or before the close of the session. The same deposit is required of any new student, who wishes a room reserved. Should the applicant enter as a student, the deposit is credited on the rental of the room; should he not enter, the deposit is forfeited. Any preference as to room and room-mate should be stated on forwarding deposit.

All students who do not occupy rooms in College dormitories are required to pay a bath fee of \$5.00 per session.

All fees are payable to P. Tulane Atkinson, Treasurer.

3. *Exemption from Fees*

Where the assignment of endowed scholarships is in the hands of the College authorities preference is given to the sons of ministers (of any denomination) and to candidates for the ministry who present credentials showing they are under the care of the proper church authorities.

The Board of Trustees grants a limited number of scholarships to accredited high and preparatory schools. They are assigned on the recommendation of the local school authorities to boys who have graduated in the upper third of their classes.

A student who is assigned a scholarship is relieved from payment of the tuition fee (\$50) for that session, but is liable for all other charges. *A scholarship is assigned for only one session. No student can use more than one scholarship a session.*

4. *Return of Fees*

Fifty per cent of the tuition and maintenance fee and of the room rent is returned to a student dropped from the College roll at the end of the first term under action of the Scholarship Rule (p. 66).

When, in the opinion of the College Physician, the health of a student obliges him to leave College during the first term for the remainder of the session, whatever portion of the tuition fee for the second term has been advanced by the student is refunded to him by the Treasurer. *But in no case are other fees refunded.*

II. OTHER AND VARIABLE EXPENSES

BOARD.—A majority of the students room in College dormitories, and take their meals either at the Students' Club or in private homes. A small number room and board in private homes.

All rooms in College dormitories have closets; and are furnished with dressers,* beds (42 in. wide), mattresses, springs, tables and chairs. Bed coverings, pillows, towels, and the like must be furnished by the student, and the amount needed varies with the individual. Room rent in the dormitories includes heat and light.

The Students' Club, under the management of the students and an experienced matron, furnishes good table board at \$180 for the session. If a student boards at the Club for less than half a session, he is charged at the rate of \$25 a month for the time actually there.

Board may be obtained in private homes, and during last session cost \$25 a month.

Washing, per month, will cost \$2.50, or \$3.00. The Farmville Steam Laundry offers a flat rate of \$27.00 payable in advance for the session.

Books will cost from \$20.00 to \$25.00 for the session.

The incidental expenses will depend upon the habits of the student and the allowance from home. There is no more fruitful source of injury to a student than too large a supply of pocket money.

*Beds are three-quarter size.

By estimating board at the Students' Club at \$180.00 for the session ; books at \$20.00 ; laundry \$27.00 (the maximum cost) ; and not including laboratory fees, traveling expenses, clothes and pocket change, the total necessary expenses amount to \$567.00. The laboratory fees can be estimated by referring to section on courses.

Accident Insurance

Hampden-Sydney College carries a policy with the Indemnity Insurance Company of North America. The benefits of this policy (reimbursement for doctor's bills up to \$500 per accident) are available to a student on payment of \$10. This payment covers the cost for the entire session and, if paid before session opens, protects the student anywhere and everywhere from day college opens until last day of session. The College heartily recommends this policy to every parent who does not carry similar protection for his son.

Scholarships*

The following scholarships are perpetually endowed:

THE H. H. HOUSTON SCHOLARSHIP gives free tuition the following year to the student making the highest average in the Freshman class.

THE GEORGE E. TUCKETT SCHOLARSHIP gives free tuition the following year to the student making the highest average in the Sophomore class.

THE JAMES H. FARISH MEMORIAL SCHOLARSHIP.

THE DRYDEN-MOREHEAD SCHOLARSHIPS.

(The money necessary to maintain four scholarships was bequeathed by Mrs. Sarah A. Dryden.)

THE W. H. CUNNINGHAM SCHOLARSHIP.

THE FRANCIS-HENRY ALLEN MEMORIAL SCHOLARSHIP.

THE LUCY ANDERSON SCHOLARSHIP.

MERRETT MEMORIAL SCHOLARSHIP.

J. F. MORTON SCHOLARSHIP.

RANDALL HOLDEN SCHOLARSHIP.

VANDERFORD BOULDIN MEMORIAL SCHOLARSHIP.

COOPER SCHOLARSHIP.

FRANK ERNEST ROBBINS MEMORIAL SCHOLARSHIP.

W. C. NEWMAN SCHOLARSHIP.

MISS EUNICE LUPTON SCHOLARSHIP.

ELIZABETH REBECCA ROBERTSON MEMORIAL SCHOLARSHIP.

L. H. PAUL SCHOLARSHIP.

MRS. J. WILLIAM GILKESON SCHOLARSHIP.

SAMUEL FINLEY GILKESON MEMORIAL SCHOLARSHIP.

SAMUEL HAYS BELL MEMORIAL SCHOLARSHIP.

MARY MARGARET EAST SCHOLARSHIP.

FARMVILLE MFG. CO. SCHOLARSHIP.

MR. AND MRS. THOMAS EASLEY SCHOLARSHIP.

DR. JOSEPH D. OSBORNE SCHOLARSHIP.

ROBERT T. HASLER SCHOLARSHIP.

MRS. H. A. MEYER SCHOLARSHIP.

HUGH B. SPROUL AND WIFE SCHOLARSHIP.

*Wherever a person has the privilege of assigning a scholarship, he must, in writing, notify the President on or before September first of the year for which the assignment is to be made. Failing to do so he shall forfeit his right to make such an assignment.

JAMES G. TINSLEY MEMORIAL SCHOLARSHIP.
J. DAVID LOWMAN MEMORIAL SCHOLARSHIP.
A. D. WITTEN SCHOLARSHIP.
W. A. TOTTY SCHOLARSHIP.
GEORGE H. THOMAS SCHOLARSHIP.
LENA DONNAN HAMILTON MEMORIAL SCHOLARSHIP.
SEYMOUR BLAIR WARD SCHOLARSHIP.
WILLIAM HOWELL TAYLOR WILLIAMSON MEMORIAL SCHOLARSHIP.
E. M. WILLIAMSON SCHOLARSHIP.
EDWIN AND MARIA EDMUNDS SCHOLARSHIP.
L. AND O. WHITTEN SCHOLARSHIP.
THE STAMPS SCHOLARSHIP.
J. A. OWEN SCHOLARSHIP.
JOHN H. TIMBERLAKE MEMORIAL SCHOLARSHIP.

In addition to the foregoing there are certain half scholarships available.

MINISTERIAL SCHOLARSHIPS

THE S. P. LEES SCHOLARSHIP.
THE PERCY ECHOLS MEMORIAL SCHOLARSHIP.
THE HALDEMAN MEMORIAL SCHOLARSHIP.
THE EVERETT WADE BEDINGER, D.D., SCHOLARSHIP.
(Established by Rev. B. F. Bedinger, D. D.)
MARGARET BARCLAY KIRBY SCHOLARSHIP.
LOULA MAE POWELL COATES SCHOLARSHIP.

All scholarships are assigned for one session either by the President or by the Faculty. They may be cancelled at any time when the department or the work of the recipient is deemed unsatisfactory; and will not be renewed for a student who has failed on any of his work. Beneficiaries must room in one of the dormitories and must take their meals at the Students' Club, unless room or board can be obtained without cost elsewhere.

SAMUEL R. BOOKER STUDENT LOAN FUND. (Established by the will of Dr. William D. Booker.)

JOSEPH STEBBINS, JR., STUDENT LOAN FUND. (Established by the will of Joseph Stebbins.)

ALEXANDER SCHOLARSHIP

This scholarship is endowed by the Alexander Fund Club of Hampden-Sydney. It is established in honor of Archibald Alexander, president 1797-1806, a native of the Valley of Virginia, one of the first presidents of the College, and is made possible through annual contributions of certain alumni from the Valley and chiefly through the munificence of the late William Alexander, Esq., of New York City, an honorary member of the Alexander Fund Club. The scholarship pays a hundred dollars cash and is in addition to free tuition. It is awarded each year to a student from the Valley of Virginia, preferably a Freshman, who would not be able to attend college without this help. Application for this scholarship must be made prior to June 1 of each year for the succeeding session.

SPECIAL BEQUESTS

DABNEY MEMORIAL FUND

This is a gift of \$10,000 for endowment by Dr. Alexander Thomson, of Cincinnati, as a memorial to his father-in-law, Dr. Charles W. Dabney, and to Dr. Robert L. Dabney, his father, in recognition of their lifetime services to the cause and spirit of true education. In the donor's words: "The lives of men who unselfishly dedicate themselves to the betterment of their kind demand that those who enter the commercial life should subscribe at least of their means to the recognition of the unselfishness and sacrifice of those who deliberately cast profit aside for the good of others."

MARY S. ROYSTER FOUNDATION

This represents a substantial gift to the endowment of the College, made by Mr. F. S. Royster, husband of Mrs. Mary S. Royster, and their children—Mrs. Fannie R. Cooke, Mrs. Mary R. White, F. S. Royster, Jr., and William S. Royster—in recognition of her great influence for good on their lives, and with the wish through this gift to perpetuate this influence in the lives of young men attending Hampden-Sydney College.

BLAIR MEMORIAL FUND

The Chair of Latin at Hampden-Sydney, because of a memorial fund given by his daughter, Miss Ellen C. Blair, has been named in honor of Dr. Walter Blair, for many years head of the Department of Latin.

MARY S. GIBSON MEMORIAL

In accordance with the terms of the will of Miss Mary S. Gibson, the residue of her estate passed to Hampden-Sydney College. The sums derived from this source were, by vote of the Board of Trustees of the College, made a part of the permanent endowment funds of the institution.

In recognition of this goodness at her hands, the Board directed that this fact be recorded annually in the general catalogue of the College as a permanent memorial to this kind friend.

MORTON HALL

Through the generosity of Samuel P. Morton, Jr., of Baltimore, a new recitation hall was erected in 1936, as a memorial to his ancestor, Captain John Morton, one of the founders of Hampden-Sydney College.

NEW GYMNASIUM

Through the kindness of its interested friends and alumni, the College has been enabled to complete the first unit of a thoroughly modern, fully equipped gymnasium.

FORM OF BEQUEST

I give and bequeath to the President and Trustees of Hampden-Sydney College the sum of _____ for the use of said institution.

LEGAL TITLE

"PRESIDENT AND TRUSTEES OF HAMPDEN-SYDNEY COLLEGE."
Communications on business should be addressed to the President.
